DETAILED ACTION

Election/Restrictions

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in response to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-5, drawn to a method of purifying a eukaryotic proteosome.

Group II, claim(s) 6-7 and 12-14, drawn to a purified eukaryotic proteosome.

Group III, claim(s) 8-11, drawn to crystals of a purified eukaryotic proteosome.

Group IV, claim(s) 15-20, drawn to a method of identifying proteosome inhibitors with computer aided modelling based on the crystallographic data.

The inventions listed as Groups I-VI do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: The alleged special technical feature, purified (and crystallized) eukaryotic proteosome is known in the art as shown by Tanaka (EP 345,750), Morimoto et al. (1995) and Hwang et al. (1994), for example. Accordingly, the claims lack a special technical feature which is an improvement over the art. The proteosome can most likely be purified by a different combination of conventional steps known in the art. The crystals can be used in kinetic studies or in binding studies to look for inhibitors.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the

Art Unit: 1651

currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
